!
! Block Data Routine to place the LABIO_SECTION Common
! on a page boundry. This is necessary because we will
! remap it. We could have used a MACRO program to
! declare the PSECT LABIO_SECTION to be paged aligned,
! but the LINKer would then give us a warning message.

        Block Data LABIO_SECTION
        Common /LABIO_SECTION/ AD_BLOCK
        End
!
![End of File]
